BASIC-ABSTRACT:

NOVELTY - A source program generator (50) produces program by combining the XML program file (41) and HTML program file (42) based on the original format.

DETAILED DESCRIPTION - INDEPENDENT CLAIMS are included for the following:

- (1) Web application development program; and
- (2) Web application development support method

USE - For developing web applications in internet.

ADVANTAGE - Simplifies development of applications in a multiplatform by utilizing flexible modification algorithms.

DESCRIPTION OF DRAWING(S) - The figure shows an explanatory diagram of source program generator. (Drawing includes non-English language text).
